Dear Mindy,

On behalf of the Library Board of Trustees, I would like to extend a very special thanks to you for the outstanding job you did on promoting the "Pride and Passion: The African-American Baseball Experience," exhibition chronicling the history of baseball's Negro leagues.

In your immortal words, Mindy, the Library Board and I were so proud that "The traveling exhibit can only be experienced in downstate New York at the *Elmont Memorial Library!*"

We also understand from Maggie Gough that you were heavily involved—from conception of the idea to completion of the project—with making the Jackie Robinson: My Story end product such a huge success and thank you for that. Because of your efforts, we now house a permanent, unique-to-the-Elmont Library piece of history to be shared with our community for many years to come!

Once again, we thank you for all of your hard work with marketing and promoting this particular project, as well as your efforts in making sure all of the positive events and services we offer at the Library are highlighted. We are definitely on the map! Keep up the good work.

Very truly yours,

Tania Lawes, President
Board of Trustees
